Essay Requirement: Submit a short essay (200 words or less) that describes how your first choice course will enhance your students' learning and/or your teaching career.

Optional Question: The Murie Science and Learning Center recognizes that teachers and school districts may have considerable financial constraints, especially at remote Alaskan schools. For this reason, we plan to select up to four Alaskan teachers for 100% scholarships plus a \$400 travel stipend. If you feel that your situation merits this award, please provide an explanation below (100 words or less).
